

A square maze with a blue path. The path starts at a green dot in the top-left corner and ends at a red dot in the bottom-right corner. The path is a single continuous line that navigates through the maze's corridors, avoiding the walls. The maze is composed of black lines forming a grid of paths and dead ends. The blue path starts at the top-left, moves right, then down, then right again, and continues in a series of turns and loops until it reaches the bottom-right corner.
